FOR PRESIDENT,
BENJAMIN HARRISON

FOR VICE-PRESIDENT
LEVI P. MORTON,

OF NEW YORK.

HEWITT WOULD ACCEPT.

He is Not a Candidate for Governor but Would Serve if Chosen.

NEW YORK, 20.—Referring to his recent letter to Leonard Wales, of Baltimore, Mayor Hewitt said: "I did not use the expression 'America should be governed by Americans' in the Know-Nothing sense, nor do I intend to be understood as applying it as a Know-Nothing. I do not wish or think that foreigners should be excluded from their country except they be the pauper or criminal immigrants of other countries. I would accord to foreigners the right of holding property and of living under the protection and enjoying the privileges of this country as they do now, but I do not think that a residence of five years is enough now to justify citizenship, the exercise of the ballot, and a voice in the government of the country. When the law which fixed the naturalization period was made there were 3,000,000 of inhabitants in the United States. Now there are 60,000,000; therefore the necessity of this rapid transit naturalization no longer exists. I think that America should be governed by Americans, and when I say this I do not desire to be understood as saying 'native Americans.' No; by Americans I mean Americans of foreign birth as well as those who were born here. I do not quarrel with a man's nationality. I only object to the custom which gives to the foreigner who has been here only five years the right to govern those who have been here a lifetime."

Mr. Hewitt was asked if he would accept the nomination for Governor of the State if it were tendered to him by the Democratic party.

"I am not a candidate for any office," said Mr. Hewitt. "I never was and I do not want to be. Again, I am, as I told Mr. Wales, to old to bother with the office, which is business, real down-right business, to me. I have never been a candidate for office and I am less inclined now than ever to be a candidate."

"Then you would not accept the nomination if the people wanted you to be the Governor of the State?"

"Do you know, or don't you know," said Mr. Hewitt sternly, "that the man who is elected to an office by the people is guilty of a misdemeanor when he refuses to accept and serve them in that office?"

China Refuses to Ratify.

LONDON, Aug. 31st.—China refuses to ratify the American treaty restricting Chinese immigration.

The Enterprise says: "It is suspected that the Nevada Democrats are waiting for Mr. Cleveland's letter, hoping to find something in it which they can ratify. It is not expected that there will be anything about silver, but then the Canadian complication was a shrewd move on his part to make silver go up."

Hot Springs, Arkansas, has been deluged by a waterspout, which occurred night before last. Six persons are known to be missing, five of whom have been found in the wrecked buildings. The damage to property is estimated at \$100,000.

It is understood that General Harrison has spent some of his leisure time at Middlemass in preparing his letter of acceptance, and it is believed by his friends that he intends to make it public as soon as he returns to Indianapolis.

"The Chinese Must Go" notwithstanding China refuses to ratify the new treaty.

Harrison is just game enough to have his letter of acceptance out first.

The Senate Tariff bill will be reported in a day or two.

They Can't Deny Facts.

St. Louis Globe Democrat: "The Democrats 'explain' the big drift from their party to the opposition, but they don't deny it. This is an immense year for the Republicans."

IT WILL SWAMP GROVER'S CANOE.

The Mighty Wave of Conversion to Republican Ideals.

The Harrison and Morton club at Stockton, N. Y., has fifteen members who voted for Cleveland in 1884.

Prof. William Sinnholz of Buffalo is a German Democrat who is doing good work for the Republican party this year.

Richfield, Kas., possesses a united family. A father and five sons who have hitherto been Democrats say they are going to vote for Harrison.

J. Rush Bronson, James J. Peely, and Emile Nay, of San Francisco, all ex-Democrats, are making speeches in the Golden State for Harrison.

James Powers, of Pittsburg, Pa., once the Democratic candidate for County Commissioner, has decided to leave his party and vote the Republican ticket.

The Hon. Robert E. Monaghan, of Westchester, Pa., is "no longer a Cleveland man," but the statement that he would support Harrison was premature.

James P. Grimes, of Pittsburg, general manager of the Knoxville Land Improvement Company, a prominent Democrat, has come out for Harrison and Morton.

Dominick Heslin, who worked for Henry George two years ago, presided over a meeting last week of the Irish-American Anti-Free Trade League in New York.

In Coatesville, Pa., about twenty-five Democrats have been found who will vote for Harrison, and it is claimed that there will be upward of 100 on election day.

J. H. Barrett, of Paterson, N. J., Superintendent of Eastern Division of the Erie Railway, has been a life-long Democrat, but has decided to vote the Republican ticket.

James Gilbert, a wealthy ex mugwump of Bridgeport, Conn., must be added to the long list of prominent men in that city who voted for Cleveland once, but will not again.

Thomas Acker, of Pittsburg, Secretary of one of the local assemblies of the Knights of Labor, has always voted the Democratic ticket, but is convinced that "that way danger lies."

Mr. Field, an old Democrat of Tipton, Ind., where he owns a flouring mill, has declared for Harrison, and is making effective speeches to his neighbors. He will take a prominent part in the campaign.

Fred H. Parks, Vice President and General Manager of the Glen Falls Paper Mill Company, and a popular young Democrat, has come out for Harrison. His brother, George Parks, Treasurer of the company, is with him. The company employs over 200 hands.

Ex-Chief of police James McKenna, of Pittsfield, Mass., a life-long Democrat, has joined the Berkshire Republican club and intends to vote for Harrison and Morton. Mr. McKenna is a veteran of the war, and is indignant at President Cleveland's treatment of the soldiers.

The village blacksmith at Browns-town, Ind., has run up an American flag before his shop. As he was known to be a Democrat a friend asked him if the banner was in honor of Cleveland. "No, sir," he replied, "that is a Harrison pole. I have always been a Democrat, but I have been deceived, and I will not vote that way any more."

C. C. Shayne, of New York City, a life-long Democrat, delivered a strong speech for Harrison Saturday at Galway, his native place. "In 1884, we all wanted a change. We have had it, and I think you will agree with me that we have had enough. We will ask Mr. Cleveland to retire the 4th of March next, and we will attend the inauguration of Benjamin Harrison, the soldier and statesman, the farmer and laboring man's friend."

D. A. Hopkins, the well-known Greenbacker, formerly editor of the American Sentry, the leading organ of the Greenbackers, declares himself strongly in support of the Republican platform and ticket. "I believe Republican triumph in this contest," he says, "to be necessary to the welfare of our country, and I shall do all in my power to make its success an accomplished fact." Mr. Hopkins voted for Butler in 1884. He is now manufacturing a journal bearing for use on railroad cars.

The Prohibitionists are saying "good-bye" oftener than "welcome" in Pennsylvania. The Rev. Samuel Kutz, of Lancaster, one of the oldest members of the Philadelphia Methodist Conference, who for some years has voted the Prohibition ticket, has announced his intention of supporting Harrison and Morton. Chaplain A. C. Leonard, of Admiral Reynolds Post, No. 403, publisher of the Grand Army News, two years ago the Prohibition candidate for the Legislature, makes public his intention of supporting the Republican ticket on the ground that the Republicans of Pennsylvania are working for temperance legislation. At Terre Hill, Barton Weaver, Chairman of the Prohibition Club, and William Gine and Solomon Leslie, prominent citizens and manufacturers, employing more than 100 men, who voted the Prohibition ticket, are on the Republican side this year.

A Linked Love.

He—Are you too old to marry?
She—Alas, yes!
He—Did you love?
She—Passionately; but I could never win my darling's affections.
He—Why?
She—I couldn't see him alone.
He—Why?
She—He was one of the Siamese twins—the one to the right. Time.

The President Will be Cared For.

Millwaukee Sentinel: Before President Cleveland has time to go to war with Canada the American people will doubtless furnish him a substitute.

It Is Not Catching.

Philadelphia Press: The attempt of Judge Thurman to spread the Old Roman fever in the West is a dismal failure. The germs lacked vitality.

NO MORE THEY'LL GO A-ROVING.

They're Tired of Cleveland and the Party that Supports Him.

Mr. Ed Nolan, until recently a strong Democrat, is talking for Harrison at Indianapolis.

Levi Cocoro, of Akin, New York, an old soldier and lifelong Democrat, has come out for Harrison and Morton and joined a Republican club.

Frederick Seitz, of Detroit, a Democrat and ex-Park Commissioner, says he will vote for Luce. He predicts that Harrison will carry New York by a large majority.

Robert Schrader, one of Denver's most prominent and wealthiest real estate dealers, and a leading Democrat, has come out in active support of the Republican ticket.

John Tansey, an Irishman, employed in the Lincoln Pottery Works at East Liverpool, O., fought for the Rebels and has always voted their ticket. He has been reading the Mills bill and is convinced that he should vote the Republican ticket.

San Francisco has a club of sixty old Democrats who will vote for Ben Harrison. It is called the City Front Portuguese Republican Club. A majority of the members of the Liberty (Republican) Club of San Francisco are old Democrats.

Henry Herriek, a prominent farmer living near Madison, Wis., says he voted for Van Buren, and has voted the Democratic ticket ever since. But he is now for Harrison, declaring that the Democratic party has not lived up to its promises.

The New York Democratic Advance bolts the St. Louis ticket because it doesn't believe in free trade, doesn't consider Mr. Cleveland either a good Democrat or a good President, and can't bring itself to forgive Judge Thurman's hostility to Samuel J. Tilden.

A special dispatch from Cambridge, O., says: "Hundreds of Democrats in wool growing Guernsey will vote the Republican ticket this year, and we shall give Harrison and Morton and Col. Taylor 1,200 majority and the State and county tickets over a thousand."

Ex-Mayor Thomas Voyle, of Carbonale, Pa., a Democrat since 1845, and the present County Auditor, says in an interview: "I can't stand this wishy-washy policy of Cleveland's, and I made up my mind three years ago that I would not vote for him if he were by any chance renominated for the Presidency. I am a Democrat, and my politics are just what they have always been, but I'm no Cleveland Democrat."

R. E. Monaghan, of West Chester, Pa., a leading lawyer of the Chester county bar, who was prominently mentioned as a candidate for Governor at the last Democratic State Convention, has come out in an open letter announcing his intention to support Harrison, Morton, and Protection. His action has caused a great sensation. He says that if Cleveland will withdraw and let Thurman come to the front he will gladly support the ticket.

Seven prominent Democrats, of Bath, Me., have issued an address to the mechanics of Bath in which they denounce the course of the Democrats in handling the tariff and say they will not support Mr. Cleveland. Capt. John R. Kelly, a wealthy ship builder; Joseph Varney, a large lumber manufacturer; Joseph M. Varney, a son of Joseph; Captain J. B. Perkins, a retired shipmaster; William Liberty, a marble manufacturer; Frederick Willis, prosperous farmers.

W. J. Henderson, of Annandale, N. J., is another Democrat who has discovered the moral cowardice of his party. In a published letter he says: "This attitude of the Democracy has led me to cast my influence with the Republican party at this time. I hope the Prohibitionists will see the wisdom of such a course. The Democratic party has usurped the rights of the people, and the elevation of Clevelandism to power again will be a tremendous stride toward a reign of Despotism in America."

The Boston University Press employs about ninety legal voters in the electrotyping and composition departments, a number differing but little from that employed in the same department in 1881. In 1884 the vote of both rooms was as follows: Electrotypers for Cleveland, 30; compositors for Blaine, 13; compositors for Cleveland 28. Both departments were canvassed a few days ago with this result: Compositors for Harrison, 36; compositors for Cleveland, 13; electrotypers for Harrison, 31; electrotypers for Cleveland, 8.

E. P. Mills, formerly editor of the Grand Rapids Workman, writes a letter declining to support the Democratic ticket in Michigan, and saying: "I have voted the Democratic ticket for several years—that is, when the men selected have warranted me in so doing. This party makes its boast in convention assembled that it is the party of the people. It is only so, in my opinion, to a limited extent. Whenever it deviates from its pretended course and deliberately stifles itself I deem it the duty of every Democratic voter to slap it on the side of the head and teach it good manners."

The Prospects for Workingmen

The Enterprise says:

The prospects for miners and workingmen generally have been exceedingly blue on the Comstock on several former occasions, but they have seldom been worse than at the present writing. This comes more from the fact that outside mining camps in Nevada are in the dumps than from our own demerits, and from the further fact that great expectations were pinned upon the bright prospects revealed in our mines by the development of paying ore bodies which induced miners to invest their earnings, from which investments, owing to untoward circumstances, they have been unable to realize a dollar. Here they have invested their earnings of the past year, and here they propose to recuperate their fortunes. The outlook to do this is anything but propitious. There are nearly 500 more miners on the lode than can find employment under the most favorable circumstances. It takes money to make money. Wouldn't it be better for the surplus miners to go elsewhere to earn the means with which to recuperate their fortunes than to drag further in debt and be unable to take advantage of opportunities that may be offered in the future? Everything is at a comparative standstill on the lode, and will so remain until milling power is afforded by Winter snow and rain, when operations will be resumed on a scale commensurate to afford employment for a number of men 500 less than are now working or desiring work on the lode. This fact is self-evident and workingmen should properly digest it rather than trust to their lucky stars and swallow disappointment instead of beefsteak and Dayton potatoes at the outcome. By throwing off our extra working population every line of business and the workingmen themselves will be benefited. Our unemployed men the year round is the biggest drag net from which we suffer, and they are doing great injury by staying here. If this is not sound or plain talk, we would like to know its fallacy.

Marsh H. Tucker, a prominent real-estate agent of Elizabeth, N. J., who has for over forty-five years voted the Democratic ticket, has declared his intention of voting the Republican ticket. Mr. Tucker has been prominent in politics, and one time ran for the Assembly.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-aw 1-1

BREVITIES

See 50 cent column.

Remember this is September.

Now is the time for Fair advertisements.

The Commissioners will meet tomorrow.

D. A. Boulder was over from Carson yesterday.

Carl Bray has some interesting news for racehorses in the 50-cent column.

The "cooler" will be removed this week from its present location to a place near the gas works.

The Southside school will open tomorrow morning, Miss Frankie Grip-pen having recovered from her recent illness.

The Palace dry goods store has something new to say this morning. It is still offering both special and general bargains.

Trinity Church—Lutany service and Holy Communion at 11 A. M. Evening prayer at 7:30 P. M. Sunday School immediately after morning service. An invitation is extended to all.

All the race stalls at the new Fair Grounds have been engaged already, and now the Society is bothered to know where to get the money to build twenty-five or fifty more stalls.

The customers of the Reno Water Company are requested not to use water for irrigation purposes on Thursdays and Fridays of each week during the present irrigation season or until further notice.

The Palace Dry Goods Store will open a special sale of fine blankets, ladies' cloths, etc., Monday morning. Winter is coming on and this will be a rare opportunity to secure covering for the winter months.

The Republican County Convention will meet at Armory Hall to-morrow morning at 10 A. M. Nominate the best men. Make a strong ticket. Throw the cranks out, and give the Republicans of Washoe candidates they will cheerfully support.

The body of an unknown man was found floating in the river opposite Sacramento Friday afternoon. From papers found on his person it is believed that his name is Joseph Zimmerman, and that he formerly worked in Douglas county, Nevada.

The Morrison theatrical company gave "Faust" in splendid style last night at the McKissick Opera House. The scenic effects were produced on a scale never before surpassed in Reno, and the "Broken" scene equalled anything ever done at the Madison Square, New York.

Jesse Harris, of Fort Collins, Colorado, passed through Reno last Thursday night with a palmer horse car containing twelve Cleveland Bays, five Normans and an English cockney horse, which are to be exhibited at the California State Fair. Mr. Harris hopes to attend the fair at Reno.

The body of the late J. C. Hampton, of Virginia City, one of the victims of the recent City of Chester steamer disaster, was found floating in San Francisco bay off Vallejo street wharf at 10 o'clock yesterday morning. The body was removed to the morgue and will be sent to Virginia for burial.

McDERMIT HAY RESERVATION.—If the survey of the reservation at Fort McDermit is approved by Surveyor General Irish, the land will be sold to settlers. There are regulations governing the disposal of condemned military reservations, which require that the land be offered at public sale and sold to the highest bidder, provided the price is not less than the appraised value of the lands.

MOVING AN OLD LANDMARK.—Mr. Dunphy informs the Battle Mountain Central Nevada that he is making preparations to move the White House from its present location to a point near Shoshone station on the Central Pacific Railroad. This building is one of the oldest landmarks in this part of the country, having sheltered Dunphy's vacuums for many years during the winter months.

VIRGINIA SHOOTING AFFRAY.—About 6:30 o'clock Thursday evening Fred Preusch shot John Doyle twice while standing in the doorway of W. T. Warren & Son's old blacksmith shop, on North C street, near Mill, Virginia City. The difficulty grew out of un-neghborly conduct, and Doyle was the assailant. Doyle may not recover from the wounds.

ATTENTION ENGINE CO., No. 11—Regular monthly meeting to-morrow evening (Monday, Sept. 3d.), at the engine house at 8:30 sharp.

ESSEX ICE CO.

A New and Important Washoe County Enterprise.

A JOURNAL reporter made a trip to Essex yesterday, and found it a very lively hamlet consequent upon the lumber interests of the Essex Mill Co., run by Hamlin & Doane, and the new work of the Essex Ice Co., an incorporation, the principal stockholders being C. C. Powning, J. P. Foulks, T. V. Julien, John R. Bradley and C. H. E. Hardin.

As is well known the Truckee river, between Truckee and Essex, is the natural home for ice. No other section on the Coast produces the quality and quantity of ice made on the Truckee river, and in all the years to come it will be the section from which the best natural ice will be supplied. There is not a place on the river, suitable for that purpose, that is not taken up, and many of the companies would give large sums of money if they had a greater area for their ponds. But the natural obstacles are insurmountable, and but few of the plants can be materially enlarged. The Boca and Prosser Creek companies have greater advantages than any of the others, but the Essex Co. has or will have the third largest plant on the river. The pond now being finished, which was commenced last year, contains an area of 8 1/2 acres, estimated to cut 10,000 tons of ice, but the land is available for a pond embracing 25 acres, and in the years to come a product of 40,000 tons will be among the possibilities, thereby yielding a revenue of \$80,000, as ice sells readily, as soon as harvested, for \$2 per ton. The Essex pond is over the bluff from the coal shed. From the pond, up the river, is a canal twelve feet wide, and one thousand feet long, upon which a dozen men are now at work, under the direction of James Bell. This work will be completed next week, and will cost nearly \$1,000. The timbers: the dam in the river are on the ground, and Dick Parks, who has built nearly all the big dams of the river, will to-morrow commence the construction of this important one, the estimated cost of which is \$2,200. As soon as the dam is done water will be turned into the pond. The saw mill is sawing out the lumber for the ice house and in a few days the carpenters will be at work. The house will be 300 feet long, 50 feet wide and 24 feet high, and constructed with all the latest improvements. The railroad track department has surveyed out for the side track which will run from the east end of the coal shed around on the east side of the bluff, where the ice houses will be located. On the west side of the bluff will be located the boarding house and lodging department for the employees, overlooking the great pond. In addition to the ice project the situation is considered even more valuable for milling purposes, and it is more than likely the company will erect a saw mill at the lower end of the pond, and also establish a planing mill. A well-known Truckee river logger has offered to drive five million feet of logs into the reservoir. At any rate a great work is being vigorously prosecuted in this corner of Washoe county, and the JOURNAL trusts will prove a fortunate thing to all concerned.

DAGGETT'S NEW BOOK.—The Enterprise says Hon. R. M. Daggett, formerly Minister to the Sandwich Islands, in conjunction with the King of the Islands, has a new book in the hands of the printing house of Mark Twain. It is expected to be issued within two or three weeks. The subject is a legendary history of the Sandwich Islanders from Genesis, as understood by them, to the discovery of the islands by Captain Cook. Mr. Daggett unhesitatingly states that the Jewish history of Genesis is not nearly so complete as the tale handed down in the legends of the Sandwich Islands, though the two accounts are not dissimilar. Interwoven with the legends are beautiful Indian tales, exceedingly interesting to the inquirer after knowledge.

A VALUABLE SOUVENIR.—The Genoa Courier says:

The Alpine stage on Tuesday last brought down a block of wood about four feet square, which was addressed to the California State Mining Bureau, and had recently been taken from the side of a large pine tree. On the outer side of the block is this inscription, cut with a sharp knife or other instrument:

KIT CARSON
1844.

It was found at the head of Carson Canyon, on the main ridge of the Sierra Nevada mountains, and is supposed to be the handiwork of Kit Carson.

STATE DEMOCRATIC CLUB.—Democrats from all parts of Nevada are cordially invited to attend a meeting to be held at Reno, on Saturday evening, September 8, for the purpose of organizing the Nevada State Democratic Club. The official invitation signed by Secretary P. Muleahy, is published in the Chronicle's advertising columns.

Any person desiring a fine horse, buggy and harness, can find just what they want by applying to H. A. Winton. The outfit is first class in every respect and cheap.

The Enterprise credits Bob Lindsay with saying:

I remember distinctly, when I was a boy, of a picked eleven lawyers from Liverpool playing a cricket match with a picked eleven lawyers from Manchester. The day was fine, and a large company had assembled to see which set of lawyers had had the most practice. With the first ball of the second "over," however, a dispute arose, and the twenty-two lawyers gathered round the umpire to argue the point. The argument continued, with no sign of abatement, till 5 o'clock in the evening, at which time the umpire died. Great astonishment was expressed that he held out so long.

An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word malaria was comparatively unknown,—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and malaria are intended to cover what our grandfathers called biliousness, and all are caused by troubles that arise from a disordered condition of the liver which, in performing its functions, finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

NEW ORLEANS, La.

I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big car-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hearing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I can now heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.
